

Rise of the Gryphon (Belador)

[Library Edition Audiobook CD format in sturdy Vinyl case with cloth sleeves that keep compact discs protected.] [Read by Stephen R. Thorne] In the fourth novel of the bestselling Belador paranormal series, Evalle Kincaid must turn her back on the Beladors to protect those she loves -- and the world -- from annihilation. To prevent a genocide, Evalle is forced to embrace her destiny ... but at what cost? As an Alterant who fights everything from trolls to demons, Evalle has lived as an outcast among the Beladors. But now she can change all that and find answers to her origins. Those answers and a traitor hide within the Medb coven, an enemy poised to destroy the mortal world and all that Evalle holds dear. While her best friends Tzader and Quinn want to help, they have their own conflicts and face unthinkable choices as relationships with the women they love twist in unexpected directions. With time ticking down on a decision that will compel allies to become deadly enemies, Evalle turns to Storm and takes a major step that only complicates matters more when the witch doctor has been hunting starts stalking Evalle.
