

Sisters of Flame (Rising Dragons Book 9)

A Red Dragons breath is all it takes for most humans to lose their minds with desire. For Erika, all she needs is to lay eyes on her lover, Geva, and shes ready to have his babies. Temporarily separated from the true object of her desire, Erika finds herself increasingly distracted by Rowan, Gevas younger, more powerful, and beautiful sister. It doesnt help that dragons are typically open with their affections, or that Rowan and her pair of mates keep inadvertently taunting Erika with their sexual rendezvous. When Erika is finally offered a chance to fulfill her unending curiosity and longing for a deeper connection with the beautiful female Red dragon, she takes it, and not just because her lover would have wanted her to. After an evening of deep sapphic connection, she may find more than another lover. Will Rowan be able to fulfill a need that Erika didnt even know she had? Sisters of Flame is a 9,000-word novella set in Ophelia Bells Rising Dragons world, where the standard rules of sex dont quite apply. Dragons are funny that way, but they do love to make their lovers very happy, so only read this if you really enjoy reading explicit sexual content. This book is absolutely intended for adult audiences. This book is part of a series. It can be read as a standalone, but if you want to be in on all the fun little details, its best if you start with Animus, Book 1 of Sleeping Dragons, especially if you want to know what makes Erika tick.
