

Rose

The hit comic book mini-series *Rose* now comes to you in a single handsome package with a brand-new cover! Released over a yearlong period to rave reviews (and an Eisner nomination for best painter), the *Bone* prequel by Jeff Smith and Charles Vess can now be read as it was originally intended - as one massive epic. In the old days, when *BONES* Granma Ben was a teenager, a terrifying dragon laid siege to the small towns of the Northern Valley. Unknown to Princess Rose (young Granma Ben), the strange dragon is actually the minion of the Ancient Enemy called the Lord of the Locust. Unable to defeat the monster, Rose seeks the advice of her advisor, who tells the young princess how to destroy the dragon - - - but at a terrible cost.
