

An Inner Darkness (Bay City Paranormal Investigations)

All hells about to break loose. Literally. Bay City Paranormal Investigations Book 5. After more than a year as a couple-and plenty of bumps along the road-Sam Raintree and Dr. Bo Broussard are finally settling into life together. Bo has come to terms with his sexuality, their business is thriving, and Sam has begun to accept his role as a step-parent of sorts to Bos sons, Sean and Adrian. The only real dark spot is Bos ex-wife, Janine. When eleven-year-old Adrian begins exhibiting signs of psychokinesis-the same ability which allows Sam to manipulate interdimensional portals-the friction between Sam, Bo and Janine escalates. Sam and Bo have reason to believe Adrians raw, uncontrolled talent poses a danger to him and those around him. Janine, however, believes Sam and Bo are encouraging dangerous delusions on Adrians part. Common ground is nonexistent, anger and hard words ever-present. Caught in the middle of the conflict and burdened with an ability he cant yet control, Adrian is soon pushed beyond his limits. With Adrians mind-and the lives of everyone around him-hanging in the balance, Sam and Bo race against time to save both boys and keep an otherworldly horror from breaking free. Warning: This book contains graphic language, explicit male/male sex, family drama and scary monsters.
