

The Swap Meet (Post-Apocalyptic MILF Erotica) (In a Fallen Future Book 5)

Even after the world falls apart, people still want to socialize. Most people prefer to have lots of others around them. The monthly swap meet at the local market is a chance for survivors of the Crash to interact. They swap items and maybe get to meet new people. With both Molly and Mary at the swap meet, and talking behind his back, Tim is a touch nervous. When he discovers what they're plotting, he forgets all about his nervousness in the ensuing, kinky fun between the three of them. The monthly neighborhood meeting takes place immediately after the swap meet. It's a chance for issues to be discussed and announcements to be made. Tim introduces Rita to the neighborhood so no-one thinks she's an unwanted intruder, and takes the brunt of the criticism from those who disapprove. He also discovers that he's going to have some new neighbors, one of whom catches his attention right from the start. This story is approximately 19,000 words and DRM free.
