

## MORE SEX Womens Erotica Sex Anthology (Erotique Content Book 1)

Wicked Leanore writes hot sex with an emotional tie, so this is not your average trashy type, one-night-stand erotica, but its a body squirming, hot flash worthy anthology and definitely naughty enough. These sex stories are all filled with sexual intensity and some are light BDSM and not for the timid reader. All of them imbued with different appetites and preferences, but with one thing in common they will get you hot. This is for those of us who just want MORE SEX DEDICATED Pearl was utterly helpless while her thighs opened wider and he sucked harder. Please, oh! she begged as he pulled in every drop she had, the drawing overwhelming as she shuddered violently in his grip. Please, its too much, please? she pleaded. SATISFACTION

GURANTEED The feeling of his silky length sliding along her slick, wet, sensitized clit was so glorious, wicked and sinful, she shivered with an expectant delight. Claire wondered at just that second, if this was what a cock tease really was. Not the girl teasing the cock, but the cock actually teasing the girl! CONQUER ME But you will, my sexy slave you will, Lena threatened with a wicked smile. As a warrior, Im sure youve tamed a wild horse or two. She looked around the room and saw the horse tack on the far wall. And seeing that you do ride horses, I knew the equipment had to be here somewhere. Her eyes settled on a mean looking leather crop. She raised a brow at him. I bet a strong, swaggering man like you has never been whipped with one of your own riding crops. THE HAT TRICK See? Youre comfortable with me, he prompted. You dont pant like a bitch in heat when I Miranda bit at her lip. No, but it could happen in a millisecond me you doggy style? And I would howl to the fucking moon! She took a deep breath. Steady, Fifi, steady. THE VIEW Rich was stroking in accord to her strokes. He had no control

over any of it. If she stopped before she got hot and came, he would go without release tonight. Her finger sped up as his thoughts cheered, Yes, baby, yes. She leaned her body back and licked her lips. He knew, because he had memorized every trait, every nuance and the binoculars swept higher to eventually see her tongue come out and swipe her lips. MINE Jewel thought she might die from an overpowering wave of bliss, agony and joy. His threat of allowing her to take him deep in her throat caused another wave of weak neediness to ripple through her. She was stunned with the realization that he knew how to discipline in such mind-blowing ways that she never dreamed of before. 60,000 words/200 pages From Wicked Muse Publishing
