

Shadowman Volume 2: Darque Reckoning

The coming of Master Darque is upon us! Jack Boniface has just been to Hell and back. After surviving the horrors of the Deadside, Jack is taking his new abilities to the limit and discovering more about the legacy of the Shadowman with each passing night. But, what if he wasn't the only thing that managed to escape back to Earth? Something dark has arrived in New Orleans, leaving death and madness in its black wake. What's more, the city's deadliest cartel assassin is after Jack, and he refuses to die literally! Collecting SHADOWMAN #5-9 by acclaimed creators Justin Jordan (The Strange Talent of Luther Strode) and Patrick Zircher (Captain America) with Neil Edwards (Dark Avengers), Lee Garbett (X-O Manowar), and Roberto De La Torre (Daredevil), start reading here to follow Jack Boniface headlong into the dark side of the Valiant Universe - and find out why Shadowman is the thrilling series that MTV Geek calls everything a gripping horror comic should be.
