

## Like A Midsummer Night: Erotic Shakespeare (Erotic Fantasy & Science Fiction Selections Book 27)

Shakespeare and reimaginings have a long history together. The Bard himself drew inspiration for his plays from various stories, poems, myths, and historical accounts, and we in our turn have drawn inspiration from these plays for everything from books to movies to video games to pop songs. Yet after centuries of people having their way with the works of Shakespeare, there is still so much territory to explore. These six seductive tales delve into the much-neglected sexy side of Shakespeare, following these timeless characters into the bedroom--and beyond! Spanning times and places from ancient Rome to other planets in the distant future, these stories based on Romeo and Juliet, Othello, Cymbeline, Twelfth Night, and, of course, A Midsummer Nights Dream mix sex, magic, transformations, disguises, gender-bending, love potions, and tangled relationships into a brew as heady as the juice of any magic flower. Includes stories by Lori Selke, Cesar Sanchez Zapata, Annabeth Leong, Clarice Clique, Emily Moreton, and Nik Flandre.
