

# Shetland Ponies 2015 Square 12x12 (Multilingual Edition)

Shetland ponies originated in the Shetland Isles, northeast of Scotland, which were connected to Norway 8,000 years ago at the end of the last Ice Age. It is believed that Shetland ponies are descendants of ancient Scandinavian horses that adapted to the harsh climate of the new Bronze Age era islands in this North Sea region. Those who admire these hardy, intelligent animals are sure to love this Shetland Ponies wall calendar. BrownTrout is committed to sustainability.
