

Watch Me

Here is a stand-alone piece of Erotica, written in the delicious and sensual style of Emilia Foxton. Watch Me. Those two simple words fell longingly from Anabels mouth as she gazed through the panes of her bedroom window, dripping from her pink lips with heated promise as she shivered upon the edge of her bed. The words fell from her trembling mouth devoid of sound, her body humming in nervous anticipation as her widened hazel hued eyes obsessively zeroed in on his motionless form as he watched her from afar. He mimicked her perfectly from within the safety of his home, his spine rim rod straight while his shaft hardened in anticipatory arousal in direct imitation of the desire beginning to pool between Anabels trembling thighs. An erotic short story of a young woman being an exhibitionist for her new neighbor and his reaction to the sight of her. This ebook contains very hot and explicit descriptions of romantic activity. Only mature readers should download this book. Reviews: Yet another brilliantly written short story book of Erotica by the amazingly talented and beautiful Emilia Foxton. I am totally addicted to Emilias works. I really look forward to reading the next one! Thank you Emilia X a five star review on Amazon.co.uk
