

# Drawing Cartoons

Providing invaluable support for anyone who has ever dreamed of drawing cartoons but lacks the confidence, this guide takes the approach that anyone can draw. The handbook outlines the steps of putting together cartoon figures, illustrating how a simple box shape can be transformed into a cartoon dog or how a basic stick figure can convey a range of emotions. Interviews with professional cartoonists who are household names are also featured, such as Mac of the Daily Mail, Matt of the Telegraph, and Gerald Scarfe.
