

Sin City Vampires (Vampires in the City Book 1)

Katina is not your average vampire. While shes as old as The Parthenon, shes not very well versed in the ways of her people. But when she meets Leo during one of her shifts at Vamps and Tramps, one of the hottest paranormal strip clubs in Las Vegas, something about him makes her wonder: Are eternal mates really a thing? And could Leo be hers? Leo is just a regular human being, only learning about the vampire community because his sister is marrying one. Even since the paranormals came out of the casket, he isnt very comfortable around them. But when his soon-to-be brother-in-law and his friends take him out to watch strippers, he cant help but feel intrigued by Kat. Except, hes not the only one wanting her for his own. Brygos is from Katinas past, and has been searching for her for centuries. He is determined to show her why she belongs with him, but when he sees her with Leo, it becomes about more than just making Kat agree to be his. He also wants Leo dead.
