

## Angels Shield (Angel Shifters Book 4)

Charmiene has been alone since her grandmother died, so when two sexy hikers ask to stay in her trail shelter, she invites them into her house instead. As an Asian American in a rural town, her dating prospects have always been nonexistent. Haniel wishes demons hadn't ruined his ability to fly, but his best friend, Jeremiel, has his back while he hunts for the creatures that hurt him. Of course, when he meets Charmiene, all thoughts of fighting fly away. The only thing he can think about is making love. Jeremiel would do anything for Haniel the angel saved his life, after all. But when they meet Charmiene, he knows the time for wandering is over. She's small, fierce, and just what they need to push them from friendship into love. Unfortunately, the demons don't want them to bond. They want all the angels to burn
