

## Mild Gone Wilde

Geeky good girl, Rosalie McGovern, has formulated a crazy/desperate/brilliant plan to win the heart of the broody bad boy of her dreams, Damien Wilde. Rosalie: We all know that the path to true love never runs smooth but how rough are we talking here? Lets say I take a wee detour via Rough-sex Street? Could this alternate route possibly lead to true love? Im willing to risk getting a little lost. For Damien Wilde. The guy Ive been chronically crushing on since before I had boobs. Why him? Well, to start with hes a beautiful, broody, bad-ass (yes, triple threat of hotness) who has a sketchy reputation but has always been sweet to me. I mean, seriously, what woman with working ovaries could resist that combination? Did I mention he drives a motorcycle? Has tattoos? The perfect amount of facial hair? Abs you could grate cheese on? Check all those boxes. No wonder Im willing to do just about anything to escape the friend-zone with this tall, dark and tortured sex-beast. Unfortunately, hes completely immune to my charms. Even tricking him to rebuild my car yielded zero results. After fifteen years of making a fool of myself I was about to give up when I discovered that Damien has a scary, sexy secret. You see, the object of my obsession likes his sex rough. Not 50 Shades civilized rough with rules and safe words and sex dungeons, but the down-and-dirty type of rough, the kind where you walk funny the next day but cant stop smiling. Now, let me explain something. Im a mild-mannered veterinarian. Daring for me means missionary position with THE LIGHTS ON! But Damien is apparently the King of Kinky-town and has no interest in leaving his twisted domain. So, if I want him to really notice me then I need to be willing to show him I can be everything he needs, even if that includes taking a trip to Deviant-ville on demand. The question is: can I go from mild to wild in just one night

without losing my nerve? If it means hell finally really see me as more than a friend, Ill take that express train to Kinky-town. Who knows? For him, I may want to re-locate there. Permanently. Warning: Contains (light) rough-sex and (somewhat) questionable consent themes. Stand Alone. HFN with potential for HEA. New GIANT bonus chapter featuring Jacob Kingston added June 11, 2016.
