

## Spirit Horses 2014 Wall Calendar

Through his luminous photography of horses, Tony Stromberg works to bridge what he calls modern life's disturbing separation between people and nature. This gorgeous Spirit Horses wall calendar is filled with extraordinary portraits of horses, both wild and domestic, paired with quotations from teachers and writers exploring equine wisdom and its intersection with spirituality. Creator of the books Spirit Horses (2005) and The Forgotten Horses (2008), both published by New World Library, Stromberg believes that horses can be profound teachers, bringing deep awareness to a world dangerously out of balance. Amber Lotus is proud to partner with New World Library to produce this intimate look at humankind's most enduring companion.
