

Santas Special Delivery

Remember when you sat on Santas lap and told him what you wanted ... and really believed that he had the power to bring it to you? Timothy Sinderson believed Santa could bring him what he wanted most, so he asked for it - a baby brother. And after meeting Timothy's single mother ... Santa wanted to deliver. Of course it wasn't quite that simple, because Santa, in this case, was Detective Bob Carson, and Timothy's mother, Eva, had little use for men and no interest in having another child. So Santa came up with an alternate present, and that would have gone fine except for the fact that Eva's self-styled boyfriend hadn't shown up too. He had just gotten out of prison, just gotten high, and when he saw a strange man in Eva's house, got jealous. Which is why he tried to kill Santa Claus - right in front of Eva and her son. And that's just the beginning of the story. So come along on a behind-the-scenes journey with Santa Claus, and find out how he does his magic. Because he's real. And he does have the power to grant special wishes.
