

Submissive Sissy Short Stories Volume 3

Who doesn't enjoy a little role reversal, a little playtime, especially when it involves a little kinky fun. Well here are ten short stories about just that, whether you like to read about men being submissive to their wives and girlfriends, or maybe putting your man into skirts and stockings so he knows his place. Of course there is nothing quite like the power trip of locking one's pleasure up with a little key so they can't even touch it. These short stories have a little bit of it all. They are quick fun reads about the thing you desire the most which is giving into your desire and seeing what it would be like to give up control in your relationship, to let your wife wear the pants and wield the joy stick for a while. Well maybe your lady is not into it but that doesn't mean you can't read about those who are and then you can close your eyes and fantasize that it is you in those pages. For the ladies who have their men already in their places or would like them to be, you may get some new ideas on how much fun it would be to do some of these things to your man. Either way I hope you enjoy them and look for others in the future.
