

Surviving a Virginia DUI/DWI or Reckless Driving Charge

Many people think that being stopped by the police for driving while intoxicated/driving under the influence or reckless driving is no big deal. But, the truth is, these offenses are much more serious than most people realize. Criminal/traffic defense is a very specialized area of the law. Only lawyers who devote a substantial portion of their law practice to this area are qualified to handle such cases. Kyle Manikas is a Northern Virginia traffic and criminal defense attorney and the founder of Manikas Law LLC of Fairfax, Virginia. Mr. Manikas knows first hand that not all lawyers have the same training or the ability to handle all types of cases. The law has become increasingly complex over the years. The days of the general practitioner are over, says Mr. Manikas. In this book, you will learn how to find the right lawyer for your DWI/DUI or reckless driving case in Virginia. Such cases can be complicated and technical. There are many traps and critical mistakes that can be made. Therefore, it is important to know what to do and what not to do when choosing the best lawyer for your case.
