

Knight of Swords: Book Two

London, 1893. Lord Nathan Valancourt is handsome, stinking rich and only twenty-one. His life is an endless stream of parties with Londons social elite, young women and leisure. He has never believed in the supernatural but a vampire begins to haunt his dreams, forcing him to watch the real life murders of his female conquests. Horrified, Nathan decides to change his beliefs and vow to mend his frivolous ways. When the vampire turns his attention to Lord Valancourts beautiful eighteen year old ward, Juliet, whom he has been appointed to be guardian to in his dying uncles place, he is fiercely determined to protect her. As Nathan and Juliet battle the monster they gradually realize they share a strong psychic connection. This close bond triggers a surprise discovery about their true heritage.

Armed with a myriad of psychic gifts and other supernatural powers, victory seems assured but success always comes at a price. Will the young lovers be able to bond and cement their relationship or will one of them have to pay the ultimate price to protect the other?
