

Taken By Cowboys (Fertile Fantasies Book 2)

They wouldn't stop until they filled me completely. Suddenly zapped back in time to a rustic Old West ranch, the buxom and curvaceous Laura finds herself cornered by two immensely hunky, strong cowboys who don't take kindly to no for an answer. Her entire identity as a strong, independent woman is challenged by these hyper-masculine studs who only know one proper place for a fertile woman on her knees. It would be a nightmare come true except that Laura, free from society's prying eyes, finds herself loving every second of it. The only way she'll be able to return home is by rejecting her love of submission for the need to be a good feminist woman, but with such unrestrained access to the brutal, primal alpha nature of the cowboys and their unprotected loads, that's easier said than done.
