EXCERPT I did that on purpose Pee. Pee was a nickname he gave to her, he said her name Pee with his lips in her ears. She shrank her neck when she felt his lips unfold and grazed inside her ear. Her body jerked and knees dipped swiftly from the tingle it sent running pitter-patterly through her body, arousing her every nerves, her brain, her body stood stiff. She let go of his thigh, slid her hand up the length of his body, spanned her hand at the back of his neck, pulled him in, slowly rising from the dip she made. held the back of his head, her hand glided down his neck, stopped midway, held it so he could keep talking in the hollow of her ear. Inside her ear felt as if it was swollen with electricity, tiny bits of tingles prickling through and through. She felt her hot blood throbbing in her ears, anticipating the feel of his bursting breath in her ears, bouncing on the sensitive aroused nerves, almost clinching before she felt his breath tingling down the tunnel of her ears. His face rubbing on hers. His hot breathing powdered her face. He spoke, his breath heavy and puffy. I want to FFfeel you. Really sorry I cant place a really hot piece here.
