

Home Schooled - Learning to Please (Taboo Erotica)

Living on a farm, miles away from anyone else, has left 18 year old Sarah pretty isolated. Her only companions are the others that live in the house, as she doesn't have many friends or social life. In fact, she even has to do all of her schooling in the house, in between the farm chores that keep everyone busy. When she finally learns about anatomy and biology, though, it awakes an idea in her head on how to make the few relationships she does have even closer... **WARNING:** This sinfully sexy tale of forbidden taboo lust is not for everyone, as it deals with things that some may find offensive, yet others may find incredibly sexy.
