

Teenage Hitchhiker

Did you actually think that I was going to give you a ride without wanting something in return? I was back home from college for the summer, when my parents decide to ground me for coming home later than my curfew. Who has a curfew at 9pm, anyway? So, in my teenage rebellion, I stomp out of the house with no intention of coming back. My friend Cindy lives in a town about 40 miles away anyway and I know that i can stay with her. But what starts as a leisurely stroll down the highway, turns interesting when I realize I have no cell phone service, no water and the sun is beginning to set. Its not long before I realize I need to start hitchhiking and get a ride as soon as possible. Soon after, a man comes by offering to take me to the next town over. Hes sexy, manly and muscularexactly what I like. But as soon as I hop in his car, it becomes clear that hes not willing to give me a ride for free. Will I let this complete stranger have his way with me hard and without protection for my first time, in order to get a ride to the next town? This 6500 word story features a powerful and muscular man controlling a sexy 18-year-old woman. This story ends with a very surprising twist that just might leave you speechless.
