

The Tentacle Breeding Program Bundle (Tentacle Sex Erotica)

This 7,500 word collection includes two steamy reads from Layla Cole: The Tentacle Breeding Program and The Tentacle Breeding Program 2. The Tentacle Breeding Program: When Amber, a down-on-her-luck young woman, is selected for a \$10,000 study on sexual response, she feels like she's won the lottery. Little does she know that the study is a front for a secret tentacle breeding program--and she's about to become the next participant! Will Amber realize what's going on before the plant impregnates her with its seedlings? Warning: This 4300 word short story contains explicit descriptions of dubious consent, tentacle sex, impregnation, and multiple orgasms! The Tentacle Breeding Program 2: Poor Erica just wanted to find out why she had trouble orgasming. Instead of the study she signed up for, though, what Erica got was an alien tentacle plant intent on filling her with its seed. Can Erica handle becoming the next member of the Tentacle Breeding Program? Warning: This 3100 word short story contains explicit descriptions of dubious consent, tentacle sex, multiple orgasms, and an alien plant with an impregnation fetish.
