

Textile Designers at the Cutting Edge

Textile Designers at the Cutting Edge showcases a selection of textile designs from all over the world, presented in feature interviews with the worlds most visionary young designers. Chosen for their contributions to fashion textiles and interior fabrics, the designers describe their output and inspirations in their own words. Whether speaking from style capitals, such as London, Paris, Milan, Madrid, Berlin, Tokyo, and New York, or in less-trafficked cities, todays most forward-thinking textile designers showcase exciting work that signals new directions in textile practice and the emergence of new textile forms and fiber technologies. The book not only features images of completed designs, but also previously unseen archive material, such as work-in-progress photographs and digital drawings. These unique visuals create a stylish picture of todays textiles, as well as an essential reference guide for those interested in contemporary textile design.
