

Winning the Highlanders Heart (The Highlanders Book 1)

Lady Anice vows to flee the amorous advances of King Henry I and return to her home in the Highlands where she hopes to find a laird to wed. She soon discovers her staff has vanished. Premonitions of imminent danger warn her of foul play, and she is certain she is cursed when it comes to marriage. The king orders the Highlander Laird Malcolm MacNeill, who is seeking an English bride, to provide the lass safe escort and learn what has become of her staff. Escorting her home safely proves a dangerous trial in and of itself and Malcolm has difficulty keeping his heart out of the matter. When the king wishes Lady Anice be wed to one of his loyal barons, the issue is further complicated. Losing his heart to the lass means Malcolm could very well lose his head.
