

# The Ask Leo! Guide to Staying Safe on the Internet - Expanded 4th Edition: Keep Your Computer, Your Data, And Yourself Safe on the Internet

Not a day goes by where we don't hear about everything from hacked accounts and computers, to viruses, spyware and other forms of malware to large data breaches that threaten our online information. Internet Safety indeed. You can use the internet safely! In this book I cover the things you must do, the software you must run and the concepts you need to be aware of to keep your computer and your data safe as you use the internet. It's really not that hard, and once things are in place it's not even that time-consuming. But it is necessary. The Ask Leo! Guide to Staying Safe on the Internet is a thoroughly revised and greatly expanded version of the popular Ask Leo! ebook Internet Safety: Keeping Your Computer Safe on the Internet already downloaded and in the hands of thousands. The Ask Leo! Guide to Staying Safe on the Internet expands to cover not just your computer, but all the important aspects of your online life. Five major areas are covered to keep you safe: Never lose precious files, emails or data again: Protect your data. Reduce the chances of malware ever impacting you dramatically, and recover quickly and easily if it ever does: Protect your computer. Travel worry-free with your laptop and its data protected, as well as securing your internet access wherever you may be: Protect your laptop. Prevent account hacks and how to recover quickly when they happen through no fault of your own: Protect your online world. Learn what we mean by common sense and never fall for scams and scammers again: Protect yourself. Yes, you can use the internet with confidence and peace of mind. Once you register your purchase using the link that's present only in the book, you'll get immediate access to: A downloadable PDF version that you can read on any device capable of displaying PDF files. A downloadable MOBI version of the book, ideal for Kindle. A downloadable EPUB

version of the book, ideal for a variety of other ebook readers. Prioritized support and contact to get your questions answered.
