

Emmas Journey

Now that Emma Thorpes husband has been killed on the wagon train to Oregon, she wants to return to Indiana, but the wagon master has forced her to marry Wagon Scout, Davis Cooper. He wants to make their marriage work; she intends to flee as soon as they arrive at their destination. Emma Thorpe did not want to leave her life in Indiana to travel to Oregon on a wagon train, but her husband, Peter, had other ideas. Barely three weeks into the trip, Peter is killed, and Emmaline is shocked that the wagon master wont let her return home. Wagon Scout Davis Cooper has decided this would be his last scouting trip, he intends to obtain land in the new Oregon territory, find a wife, and start a family. When the Wagon Master orders Emma and Davis to marry, she rebels, but eventually comes to realize she cant go it alone, no matter how stubborn she is. But nothing will make her give up her dream to return home. Can Davis change her mind, and have the life hes always wanted with his unexpected wife?
