

The Billionaire Escort (Book Two)

Anna Kingston is a divorcee of six years who works hard to provide for her two teenaged children. It just so happens that her job for the past five years has been as one of London's high-class, professional escorts. Since her business trip with Billy, Anna has learned to be a little more careful in researching not only her clients, but also the events and locations that will be surrounding them. When billionaire Taylor Caldwell hires Anna to accompany him to a benefit, she makes sure no surprises await her. The dinner is a \$5000 per plate affair to benefit cancer research and many of Taylor's potential clients and rivals will be there—nothing that she cannot handle. He also enjoys something a little more on the rough side after. Anna is sure that she has accounted for any surprises, but her evening with Taylor proves to be more than she expected.
