

The Bumper Book of Nature: A Users Guide to the Great Outdoors

When was the last time you climbed a tree? Picked blackberries? Held a snail race? Made maple syrup candy, an old-fashioned quill pen from a bird feather you found, or a plaster cast of an animal track? If the answer is cant remember or quite possibly never, The Bumper Book of Nature will inspire you to get outdoors and enjoy the very best kind of free entertainment for you and your family. Who wouldnt love to discover a colorful butterfly hibernating in a woodshed for the winter or look at a snowflake under a magnifying lens? In warmer weather, why not explore rock pools by the seaside, pick wild meadow flowers (and then fry up elderflower fritters!), or go on a city safari? Whether you live in the heart of the city, the suburbs, or the deepest countryside, The Bumper Book of Nature will bring out the child in you with its treasure trove of offbeat, playful nature activities arranged by season. With lovely full-color illustrations as well as related trivia, quotes, and bits of poetry, its a wonderful keepsake as well as a one-of-a-kind field guide.
