

Master and Commander - an Xcite Books collection of five erotic spanking stories

A collection of five erotic stories with mixed and varied themes. Master and Commander by Sadie Wolf His favorite thing is oral sex and making women come first. Now isn't that a man we'd all like to meet? When Jill sets Rebecca up with her brother Mark, she believes she might have finally met the right one, but has she? On their first meeting she begs him to forgive her, to punish her for what she's done, but will he? The Spanking Man by Monica Belle When an older, balding, squat-bodied man threatens to spank Tamar Chertsey, not only is she outraged but she actually blames herself for not being bold enough to put him in his place the moment he suggests it. But as the night wears on, the images of a spanking become a fantasy, and the fantasy she is conjuring up becomes almost unbearable. As days go by her fantasies consume her to the point she must act upon them, but does she go too far? Perfect Bound by Shanna Germain An erotic bookstore with a typical-looking librarian behind the counter? I think not. Read on and find out just exactly what she has to offer when she asks if there is something in particular this young man is searching for. Who is she really? Advantage Headmaster by Phillipa Johnson James Bendrick, Headmaster of a private girls boarding school knew what he wanted. The Top Prizes. Trophy cabinets full of results. But there were other prizes he desired. After eyeing a tennis match on his CCTV from the privacy of his own office he decided that Nina Birch was in need of a little more of his attention. Wearing a thong on the tennis court was not to be allowed and with that had to come some discipline, discipline that Nina had not yet been subjected to. Anatomy of a Brat by Poppy St Vincent Can one really want, no desire the brutality she seeks? Does she disobey on purpose; mark her beautiful white skin for attention? Does she want Dan to be part of this world she lives in, or

does she really only want him as a friend.
You be the judge of what her desires really
are? These stories have also been published
