

The Games (Part Ten) - A Tale of Forced Feminization (The Manhood Games Series Book 10)

In a world of too many men, who will be forced to sacrifice his manhood? In a country where the government controls everything, is there any way to resist? If science can transform the body, can it alter the soul? In a not too distant future, Kip Miller has been selected to compete in The Manhood Games, a contest where young men must fight to keep their masculinity or be feminized. This is Part Ten of a full length novel. Part Eleven will published in December. Mature audiences only. This books features a wide variety of fetishes, including forced feminization, BDSM, hypnosis, sissification, and of course, good old crossdressing. If you are a fan of transgender fiction, and you like it with a big side order of kinky sex, then give The Games a try.
