

The Innswich Horror

The sickest writer in horror takes on the Cthulhu Mythos! In July, 1939, antiquarian and H.P. Lovecraft aficionado, Foster Morley, takes a scenic bus tour through the wilds of northern Massachusetts. He wants to go where Lovecraft went, and to see what Lovecraft saw, to further distill his understanding of history's most impacting horror fantasist. When he happens upon the curious, secluded waterfront prefect known as Innswich Point-not to be found on any map-he assumes the curiosity of the name is mere coincidence, but in less than twenty-four hours he'll learn that he couldn't be more mistaken. Deeper and deeper, then, Morley delves into the queer town's dark mystique. Has his imagination run rampant, or are there far too many similarities between this furtive fishing village and the fictional town of Lovecraft's masterpiece, *The Shadow Over Innsmouth*? Could it be possible that Lovecraft himself actually visited this town before his death in 1937? Join splatter king Edward Lee for a private tour of Innswich Point—a town founded on perversion, torture, and abominations from the sea.
