

The Life Triumphant: Mastering The Heart And Mind To Turn Worry Into Happiness and Fulfillment

From the author of As a Man Thinketh. The Life Triumphant provides steps to transcend weak conditions such as sin and sorrow and enter into victory over your heart and mind. Contents Foreword Faith and Courage Manliness, Womanliness and Sincerity Energy and Power Self-Control and Happiness Simplicity and Freedom Eight Thinking and Repose Calmness and Resource Insight and Nobility Man the Master Knowledge and Victory Every being lives in his own mental world. His joys and sorrows are the creations of his own mind, and are dependent upon the mind for their existence. In the midst of the world, darkened with many sins and sorrows, in which the majority live, there abides another world, lighted up with shining virtues and unpolled joy, in which the perfect ones live. This world can be found and entered, and the way to it is by self-control and moral excellence. It is the world of the perfect life, and it rightly belongs to man, who is not complete until crowned with perfection. The perfect life is not the faraway, impossible thing that men who are in darkness imagine it to be; it is supremely possible, and very near and real. Man remains a craving, weeping, sinning, repenting creature just so long as he wills to do so by clinging to those weak conditions. But when he wills to shake off his dark dreams and to rise, he arises and achieves. - James Allen
