

## The Little Book of Loony Laws

A little book that takes a quirky look at the world and finds that, universally, the law is an ass! The Little Book of Loony Laws reveals over 250 loony laws and rules - some current, some ancient. Whether its a French law that bans kissing on trains, a law that bans wiggling while dancing in California, or a Lithuanian law, repealed in 2002, that made women have gynaecological examinations before taking their driving test, this collection will lighten the day of all readers.
