The doctor blushes and looks away, pretending to be busy unpacking a box of spring rolls.Im sorry, she says. I know youre my doctor and you have to maintain a professional distance, but its hard for me being here. I dont know anyone, and youve been so kind and caring. Its more than that though, I just really feel like youre important to me somehow and with me knowing so little

about myself, it feels like something real to hold on to. I dont mean to make you uncomfortable.Its not that, he replies, looking up from his food to meet her gaze. Ever since they brought you into the E.R., Ive felt drawn to you. At first I thought it was just your case and the circumstances. I knew you were all alone, and that we hadnt been able to find any friends or family for you, and I didnt want you to feel forgotten.He reaches out and takes her hand, squeezing it like he did when he comforted her in this bed the first time she woke.Now, I know its something more, he continues. I cant stop thinking about you, Ryanne.She squeezes his hand in return and pulls him towards her. Its a risk starting anything here in the hospital, but she doesnt know when shell get better, or how she fits into the unknown killers world, and right now she just needs some real human comfort.Garret rises in from his seat and pushes her food table off to the side. Sitting on the edge of her bed, he leans in and kisses her softly. Reaching up to brush a lock of hair from her face, he smiles and says Ive been wanting to do that since I first saw you.Im glad you finally did.Download and discover why readers are raving about Sandra Ross.Scroll up and get the book now!
