

The Tower Chronicles: GeistHawk Volume 3

Now, as our hero travels back home from his last mission in Europe, Tower finds himself stalked by a sultry vixen who wants more from him than just a good time - her desire: his very life! Meanwhile, his unofficial partner, FBI agent Alicia Hardwicke, continues to uncover pieces of Towers mysterious past. What secrets can a man who hunts poltergeists, demons, and other unfathomable evils possibly have that are even more chilling than his prey? Written by Matt Wagner, award-winning creator of Grendel and Mage, illustrated by acclaimed 2000 AD and Lobo artist Simon Bisley, and co-created with Thomas Tull, executive producer of 300 and The Dark Knight, this third installment of The Tower Chronicles continues the first compelling tale of John Tower, a supernatural bounty hunter who tracks and destroys the uncanny evils that haunt our world.
