

The Circllet Treasury of Lesbian Erotic Science Fiction and Fantasy

This out-standing collection of lesbian erotic science fiction and fantasy was originally published as two anthologies, *WORLDS OF WOMEN* and *STARS INSIDE HER*. In these pages women writers turn their vivid imaginations to faraway planets, erotic futures, and sensual fairy tales, to celebrate sexuality and explore what it means to be a woman who loves women. In these stories, women seek their pleasure through magic, from goddesses, in enchanted forests, and with fairy women. Taking desire out of our modern-day political context, and letting imagination run free, these writers create fantasies like no other. **PRAISE FOR *WORLDS OF WOMEN*** Circllet Press is where I go to find fresh, authentic womens writing.
