

This Girl Stripped (Hers Book 4)

My innocence was shattered one steamy October night, when I sold my soul to the devil to pay for a week in a dirty motel room. Thinking I could rid myself of him, I fled the safety of the nomad lifestyle I had embraced my entire life for the security of a small upstate New York town, alongside my big sister Star. What I never anticipated was a green eyed stranger that would steal my heart and never look back. And a dark eyed man on a motorcycle, who would teach me how to trust again. Both of them completely shattering every wall I ever put up to keep men out of my vulnerable world. I am Paisley Bloom, and this is my devastating story. **This book contains mature situations that may not be suitable for all readers. Assault, abortion, and sex are large parts of this novel.**
