

Slaves [Entwined Fates 5]

Series: Entwined Fates; Previous Book: Mercenary
Genre: BDSM Futuristic Science Fiction
Lin Morlin, daughter to Galactic Senator Nicah Morlin, is headstrong and determined--anything but a submissive, but she goes undercover as a submissive in order to rescue her friend from slave traders. Her actions begin a chain reaction of ripples through the lives of everyone from traders all the way up to the Galactic Senate itself. Captain Anthony Carrington is sent in by the Marcones to rescue Lin. Undercover as a Dom, he finds he wants to keep Lin as his slave forever when the independent woman learns she enjoys submission much more than she could ever have dreamed. Unfortunately, the traders know exactly who Lin and her handsome hero are and why they're there. Lin's father will become the key to everything, and to survive, Lin must reevaluate not only who she is, but who she may become.
