

## Spanked By Her Boss (The Billionaires Most Devoted Secretary)

Mr. Carter, billionaire CEO of Carter Industries, is the perfect boss: competent, polite and professional. And incredibly fucking hot! At least that's how Victoria Parker, his most devoted secretary, sees it. But when she makes a big mistake, he finally realizes that she needs some hands-on management. Victoria is both ashamed and exhilarated when the man she secretly loves takes her over his knee for the spanking she has been fantasizing about for a long time. And that's not her only secret fantasy he's going to fulfil that night: When he makes passionate love to her right there in his office, she's delighted to find that the body he's been hiding under his custom-tailored suits more than lives up to her expectations - and so do his skills! [Warning: This story contains spanking, fingering, blowjobs, and a sex scene so hot it'll melt your panties right off! Adults only!]

Excerpt: Mr. Carter flipped her skirt the rest of the way up, exposing her completely. Her panties were nothing more than a flimsy scrap of lace and silk that left her almost entirely naked. The impact of his hand on her naked ass drove all thought out of her, leaving no space for embarrassment in her mind. Mr. Carter wasn't holding back now, bringing his hand down in a firm, steady rhythm until her entire skin was an even shade of red. It hurt, but when the sting faded, it left a patch of tingling, sensitized skin behind, warmth spreading outwards from the point of impact. She was growing wet, so much that she knew she had to be soaking through her panties. She pressed her legs together, trying to hide the evidence of her arousal, but clenching her muscles only made the spanking hurt more. Mr. Carter paused, putting his hand on her thigh, his fingertips dipping just slightly into the sensitive space between. Relax. There's nothing to be ashamed of, he told her. She took a long, shaking breath and slowly let her thighs fall open. He slid his hand a little higher. Just a little more, and

hed be touching her where she was aching and wet for him.
