# Mastering Adobe Captivate 6

Create Professional SCORM-compliant eLearning content with Adobe Captivate Step by step tutorial to build three projects including a demonstration, a simulation and a random SCORM-compliant quiz featuring all possible question slides. Enhance your projects by adding interactivity, animations, sound and more Publish your project in a wide variety of formats enabling virtually any desktop and mobile devices to play your e-learning content Deploy your e-Learning content on a SCORM or AICC-compliant LMS Learn by doing. Each concept is immediately explained with a meaningful exercise. In Detail Adobe Captivate is the industry-leading solution for authoring E-learning content. With adobe Captivate one can capture the on-screen action, enhance e-Learning projects, insert SCORM and AICC-compliant quizzes and then, publish your work in various formats for easy deployment on virtually any desktop and mobile device. Mastering Adobe Captivate 6 is a comprehensive guide to creating SCORM-compliant demonstrations, simulations and quizzes with Adobe Captivate. The sample projects demonstrate each and every feature of Adobe Captivate giving you the expertise you need to create and deploy your own professional quality e-learning courses. Mastering Adobe Captivate 6 will guide you through the creation of three e-learning projects including a demonstration, a simulation and a SCORM-compliant quiz. The first part of the book will drive you through the main three steps of the Captivate production process. In the first step, we will use the powerful capture engine of Captivate to generate the needed slides and screen shots. In the second step, we will enhance our slides and screen shots using the objects provided by Captivate. These objects include animations, interactions, videos and more.
