

Wellington Rose (Wellington Cross Series) (Volume 3)

The year is 1885 and the two Wellington half-sisters who share the same middle name, Lillie Rose and Lizzie Rose, are all grown up. As they watch their loving parents, Madeline and Ethan, they long for their own romances. One is betrothed to a childhood friend but meets a new man who takes her breath away. The other has found no one she is the least bit interested in but when a man from her past comes back to town, she realizes she has been waiting for him all along. With plenty of action including a bank robbery, a kidnapping, a train hold-up, and long-held secrets to be discovered and revealed, this new installment of the Wellington series has a little bit of everything, especially romance.
