

Taking Flight: An Erotic Anthology with Wings

Desire can move the poorest man to take wing. Curiosity can entice the smallest fairy to greatness. Passion can drive the purest angel to fall. And then there's the devils... Flight has captured the human imagination for centuries, inspiring poets and lovers alike to greater heights. Is the exhilaration of soaring better even than sex? Is the ecstasy of a lover's touch worth more than all the feathers in heaven? Is one moment of passion on the wind worth the risk of a lifetime? Here are seven erotic flights of fantasy, from gritty dystopian futures and surreal urban discoveries to mythic romances and fleeting moments of enchantment.
