

## Wild Wishes

Genre: Multicultural ParanormalA Happy Effin Valentine by Stephanie BurkeEffin had nothing but bad luck and misery until that pretty kitty passed her way. Suddenly bad dates, bad clothes, worse sisters were a thing of the past. To add to her change in fortune, it turned out that her new cat was actually a lucky, lusty shape-shifting Neko. But could she believe in the staying power of her luck and her sexy lucky charm? Into Temptation by Lena MatthewsThemed parties are never a good idea, especially when they incur the wrath of a God. All Billie Fowler wanted to do was spend a little extra time with her office crush, Tomas Mendez. And if it was after hours at a party, where she could wear a little slinky number, even betteror so she thought. The notion that a small Anti-Valentine Days party might turn into the craziest night of her life never entered her mind, but on the other hand, she had never been on Cupids bad side before.Tired of being cast in the role of just friends with Billie, Tomas couldnt resist the opportunity to spend the day of love with the woman hed fallen for. However, Tomas hadnt counted on Cupid showing up and turning one misspoken wish into reality. Now under a spell, Billie and Tomas are locked on a sensual roller coaster thats been engineered by a sulking love deity whos gone missing. Giving into temptation might be their only saving grace but then again, so might love. Tags Folly by Eve VaughnNothing makes Dr. Taggart Webster wearier than the two words love and marriage. Having grown up in an environment where marriage meant the time before divorce and love meant nothing, he wants to avoid them both. Unfortunately, his live-in lover Alex doesnt share his opinion. Her need for his love and a deeper commitment is driving a wedge between them and ruining what he considers a perfect relationship.During a heated argument, Tag mutters, I wish youd leave me alone And soon discovers the true

meaning of the words be careful what you wish for. Not only does Alex leave his life for good, she doesn't remember their past year together. With Alex gone Tag realizes his folly; he's loved her all along. Little does Tag know that Psyche granted him a wish in exchange for saving her life. Now they're both in hot water. With her help, Tag must get Alex to remember what they'd shared before Valentine's Day or the wish will become permanent.
