

Wilding (Aesir Shifters BBW Romance Short Book 4)

Fear the wilding. That's what every werewolf learns, from the oldest alpha to the strongest Odins Wolf warrior and even their rival Fenris Wolves. The wilding steals the soul, the humanity, and finally the human form. A shifter lost to the wilding is a wolf, a man no more. When natural scientist, forest ranger, and curvy girl Kimberly Ingalls finds herself forming a strangely emotional connection to the object of her observation, Wolf A217, she never dreams that her fantasies of what 217 would look like as a man would ever come true until alpha werewolf Will finds himself called back from wolf form to claim his very human, very curvy mate.
