

Zombi. Guia de supervivencia: Ataques registrados / The Zombie Survival Guide: Recorded Attacks (Spanish Edition)

Ni la crisis economica ni el cambio climatico? La principal amenaza que se cierne sobre la humanidad a dia de hoy son los zombis, siempre dispuestos a perpetrar una masacre. Esta plaga se repite ciclicamente desde tiempos inmemoriales, y ya los hombres de las cavernas, los antiguos romanos, sir Francis Drake o la legion ext ranjera francesa la han confrontado con exito. Max Brooks, que lo sabe bien, nos muestra en esta didactica novela grafica como han combatido las grandes civilizaciones de la humanidad la plaga zombi, para que tomemos ejemplo. ENGLISH DESCRIPTION Its not the economic crisis or climate change; the main threat that should concern humanity nowadays are zombies, always ready to commit a massacre. This plague has repeated itself cyclically since time immemorial, and the cave men, the ancient Romans, Sir Francis Drake, and the French Foreign Legion have successfully faced it. Max Brooks, who knows the field well, shows us in this instructional graphic novel, how the worlds great civilizations have fought the zombie plague, so that we might learn from their examples.
