

Zombie Ranch: A Tale of a Weird New West, Volume 1

Meet Susannah Zane. Shes a rancher. She raises livestock. Only thing is, her stock isnt technically live. The Great Zombie Plague wiped out a fair portion of civilization, and humans werent the only victims of its ravenous hunger. But that was years ago, and where cattle, pigs, and sheep got scarce, practical sorts found a new herd to market: the zombies themselves! Now a crew has come out to film a new reality television series on the subject. To the viewers in the Safe Zones, it might be an eye-opener; but for Suzie and her compadres its just another day in the unlife. Welcome to the Zombie Ranch. Collecting Issues #1-7, the complete first story arc of the critically acclaimed webcomic from the husband and wife creative team of Clint and Dawn Wolf.
